GUNNERY ON THE CHINA STATION.

The complete returns of the prize-firing in 1901 by the 28 ships on the China Station have been issued, and the results show that the heavy guns fired 2,715 rounds, making 1,072 hits, or a percentage of hits to rounds of 39.48. In order of merit the Terrible stands first, her 9 2in. Mark VIII. guns making 14 hits in 22 rounds, and her 6in. q.-f. guns 102 hits in 128 rounds. The total points unde were 1433'5, or 1024 points per gun. The Barfleur's 10in. guns fired 47 rounds, and made 23 hits, and her 4-7in, gues made 114 hits in 159 rounds, She scored 1,314:13 points, or 93:87 points per gun. The Ocean's record of 14 hits in 26 rounds with the 12in. b.l. gun stands out in contrast with the Glory's seven hits for 28 rounds and the Goliath's five for 22. while the Ocean's 6in guns made 64 hits in 115 rounds, thus securing her third place in order of merit with 1047.80 points, or 65.5 points per gen. The Astron fired 21 rounds from her 6in, guns, and scored 14 hits, and her 4 7in, guns made 48 hits in 136 rounds. Her total points were 628 4 or 62.8 points per gun. The Isis fired 43 rounds with her 6in, guns; and made 25 hits, and with her 4 7in, gun made 36 hits for 79 rounds, scoring 648-34 points, or 5894 points per gun. The Bramble's two 4in, guns made the ereditable some of 13 hits for 22 rounds, or 57.2 points per gun. The Centurion in 35 rounds from her 10in, guns, scored nine hifs, and her 4 7in. guns 69 hits for 116 rounds, thus making 746-43 points, or 53'3 points per gum. None of the

She fired 136 rounds, and made 72 hits, or four hits per gun per minute, tho Handy giving the same average with only ten rounds. The Isis made 3.1 hits per gun per minute in 72 rounds, and the Dido in three more rounds made three less hits, or 2.7 hits per gun per minute. The most rapid firing gun was the Handy's, which got through the ten rounds from

The Goliath also hit the target 27 times, but fired 585 104 rounds at the rate of \$7 rounds per minute, giving each gun an average of 2:25 hits per minute; and the Ocean produced the same mean, making the same number of hits with only 86 rounds, but her rate of MERICAN SYSTEM firing was much slower, being 7 25 rounds per minute. The Bramble made two hits per gun per minute, the Britomart 1:5, the Glory 14, and the Argonaut, though she fired only 87 round from her 14 guns at the rate of 6.2 rounds per minute, scored the small result of 14 hits, or one hit per gun per minute. In the 6pr. and 3pr. competition 23 ships fired 1,973 rounds with 414 hits, the Isis coming out first with 31 hits for 72 rounds, firing at the rate of one fround per gun every five seconds, and scoring 5.1 hits per gan per minute, while the Glory comes out last with a mean of 67, making only four hits for 51 rounds, and firing at the rate of 8.0 rounds per gun per minute. In the :45in. machine-gin' competition the Nordenfelt made the hest and the worst score, the Pique, in 420 rounds, getting in 30 hits per gun per minute, while the Alacrity fired 149 rounds, and missed the target every time. Twentytwo ships competed, and there were 1,022 hits 22,124 rounds. The Terrible, using the Maxim, made the most rapid firing, discharging 3,115 rounds at the rate of 346 I rounds per gon per minute, and her score per gun per minute was 9:1 hits.

EXPERT TENNIS STROKES.

TIPS OF A FAMOUS PLAYER. Lawn tennis experts are usually most ancommunicative on the points that incommunicative on the points that ference between the haphazard tap or unconsciously in entire accordance with help them to win games. The experts blow which most players give the ball this theory, but it is, or was, most unthemselves understand one another's (with a hazy idea of where it is going), usual to find a player who used his strokes. It is novices and players who are far from being experts that come by ! the slow way of experience to a proper understanding of how to make certain strokes. Evidently F. W. Payn, the English player, is an exception to the general rule. An article that appeared in English Lawn Tennis over his name gave some good points on 'stroking' and 'cutting' the ball. Payn begins by saying that following the ball through the stroke is the trick in tennis, and in golf and in billiards. Not to draw back on the address is the trick, he says, that gives the player control of the ball after it has left the weeket. The same is said by good batsmen to be true in the game of baseball also. The Doherty brothers, the Allens, W. V. Ernes and H. S. Mabony, all well-known English players, are cited by Payn as examples. His views are given as fol-

The 'follow through 'and the use of | the shoulder appear to me' to be the cardinal feature of lawn tennis. If I were asked to mention the things which rank next to them in importance, I should say that they consisted, firstly, in keeping one's eye wholly on the ball, and on nothing else, as it bounds and as one strikes it; and, secondly, in using the greatest possible speed in striking a ball after it has bonneed. Many players' watch their opponents, and not the ball, as they are making a stroke.

IMPURITIES IN THE BLOOD .- We have seen hosts of letters from people who have received great benefit from the use of Clarko's Blood Mixture. It cannot be too highly estimated, for it cleanees and clears the blood from all impurities.' This is a good testimonial from the Family Doctor, which goes on further to say: It is the finest Blood Purifier that science and skill have brought to light, and we can with the ntmost confidence recommend it to our subscribers and the public generally. For Scrofula, Scurvy, Eczema, Bad Legs, Skin and Blood Diseases, Pimples and Sores of all kinds, its effects are marvellous. Thousands of wonderful cures have been effected by it. HONGKONG, PRIDAY, APRIL 25, 1902. WE have the greatest respect for The Times, but when Reuter informs us that 'the Times strongly condemns the opposition to Sir James Mackay's tariff scheme, which it describes as showing a singularly narrow and short-sighted view of the interests of commerce,' adding that 'if the merchants refuse to support sympathy when they next complain of team. the latter's neglect, we confess that our respect for the judgment of the Times is very severely shaken. In what the Times is reported to have said there is a covert threat. We should be sorry to learn that that threat is inspired by the gentlemen of the Foreign Office. I the Foreign Office, which has done s little for British commercial interests in the Far East during the whole period of foreign intercourse with China, exhausts on this date subject to rent and landing its resources in this single effort to benefit trade with China, and threatens to throw the China merchants over if they refuse to swallow the bolus it prescribes without so much as a wry face then the Foreign Office will not command the respect nor the sympathy of the British merchants. We are astonished to learn that the Times sup ports in such a sweeping manner what that the Pacific Cable Company has notified many level-headed merchants consider as a preposterous proposition. Everybody connected with the China trade is agreed that a single import duty would be preferable to the present system now in force in China. If there was the slightest degree of cortainty that the increase of the import tariff to 15 per cent, would lead to the numerous re-

But it is impossible to get the majority of the people on the spot to shut their eyes to the iniquitous behaviour of the Chinese authorities in the past and to the ob vious reluctance of these authorities to agree to a single reform of any importance to foreign trade. There is a Selection ... La Perichole Offenbach thorough distrust of China's promises. Nothing has been said or done to remove that distrust. Sir Thomas Jackson's long-arm speech at the Chamber of Commerce meeting made a few converts, but only a few; and so long as seething rebellion is permitted to exist in South him and in other parts of the Empire we fear fewer still will retain their faith in the long-arm of the Chinese Central

Authority in Peking. It may be that the nearness of the China merchant to the object under discussion impairs his vision, gives him that narrowness which the Times alleges, but even if that were so, we do not see why the Foreign Office | tion was more amusing than alarming. should make any threats or why the Times should try to fasten a false issue and specially filtered in large storage filter on the China merchants. Very little Less is known of the prospects of reform in China. There is no assurance that likin will be abolished. There is no evidence of China's sincerity. There is a lack of confidence in the British Government, born of repeated failures to keep China to her treaty engage. ments. Let the China merchants see new treaty, and we predict there will

THE TIMES AND SIR J. MACKAY'S TARIFF.

In view of the statement contained in Router's telegram published in this issue, the following extract from a leader in The Times of 22nd March has additional in THE The present financial position of the Church

That was the founds- the British Parliament, has been so warmly adopted all round, the negotiations with 20 tion of their financial prosperity, and much China for the revision of the commercial treaties become more important than ever. For a considerable time past they have been in progress at Shanghai under the skilled management of the British Commission presided over by Sir J. L. Mackay. We learn with deep regret that the Manchester merchants have instructed their Shanghai houses to oppose one of the most essential of the changes proposed by creased congregations in the summer the British Commissioners, and that the ances at the communion had gradually protested against it. The proposal in increased; the Sunday School instead of question is that which relates to the being spasmodic, had gone on steadily abolition of tikin. They will do so by the sacrifice of prospective gains which, in the judgment of the most belief that the prosperity of the Church | capable experts, would be both certain and was directly due to Mr. Williams as its very large. The likin barriers, with all the vexation and delay and infinite opportunities for extertion they involve, are the great permanent obstacle to the develorment of the whole internal trade of the Chinese Empire. They hamper interprovincial trade hardly less than foreign trade with the interior. They prevent at every turn the natural development of the resources of the country and the natural growth of wealth amonest the population. It is to that population we look as consumers, when the policy of the open door is carried into practical execution. A good many things are topsy-turvy in China, but even there the exports must pay for the imports, and the exports cannot expand anless the current of trade circulates with out artificial restrictions through the country. We have at the present moment an opportunity, which may never recur, of getting rid of all the worst abuses which infest the Chinese commercial system. The Government have shown much insight and much firmness in their appreciation of it, and in their determination to keep their

hands free to use it. If their sagacious

and statesmanlike efforts are defeated by those they are designed more immediately to benefit, our merchants will have none to blame but themselves for the consequences. WEATHER REPORT. The following notice is issued from the Observatory :-

On the 25th at 12.12 p. The barometer has risen over Japan and the E. coast of China. Pressure is high over E. Japan. Gradients slight for E. winds on the China coasts. Forecast:—S. to S.E. winds light;

Fon the Blood is the Life.—Clarke's to World-famed Blood Mixture is warranted ceanse the blood from all impurities from whatever cause arising. For Scrofula, Scurry, Eczems, Bad Legs, Skin, and Blood Diseasess Pimples and Soras of all kinds, its effects are marvellous. Thouands of wonderful cures have been effected by it. Sold everywhere at 2s 94 been effected by it. Sold everywhere at 2s. 9d.

Beware of worthless imitations.

E24 AM writing personally to say how much I have benefited by taking your Stearns' Wine of Cod Liver Oil, it is so nice to take, tasting just like Port, is easily digested and leaves no unpleasant taste.

digested and leaves no unpleasant taste, which ordinary Cod Liver Oil does. I have become much stouter, and bad coughs, which were my constant trouble, have quite ceased. I think your preparation wonderful in its work, and everywhere I go shall not fail to recommend it.

Yours faithfully,

SANDONIER TANCARVILLE
